Professional Profile

Third year Computer Science undergraduate and Software Engineering Intern with hands-on experience in full-stack development, software testing, system design, and deployment workflows. Experienced in contributing to real-world client platforms and collaborating within development teams. Passionate about building reliable and scalable applications, ensuring software quality, and continuously developing technical and problem-solving skills.

Education

BSc (Hons) Computer Science (Sep 2024 – Present): University of Westminster, UK
2nd Year (120 credits): Object Oriented Programming, Database Systems, Software Development Group Project, Server Side Development, Algorithms, Client-Server Architecture.
1st Year (120 credits): Python, Mathematics for Computing, Trends in Computer Science, Java, Computer Systems Fundamentals, Web Design and Development.

G.C.E. Advanced Level (2023): 1C, 1S, 1S (Physical Science Stream): Southlands College, Galle

G.C.E. Ordinary Level (2020): 7A, 1B, 1C: Southlands College, Galle

Projects

Gamified Programming Learning Platform (Group): (Oct 2025 – April 2026)
Languages: JavaScript, Python
Frameworks Tools: React.js, Express.js, Node.js, MongoDB, Tailwind CSS
A programming learning platform that uses narrative-driven and gamified programming.

Smart Campus API (Individual): Java, HTML, and XML (March 2026 – April 2026)
A RESTful Smart Campus API built with JAX-RS and Jersey on Apache Tomcat 9, managing rooms, sensors, and sensor readings with full error handling.

Pizza Delight Website (Individual): HTML, CSS, JavaScript, and ReactJS (Sep 2025 – Feb 2026)
A responsive and interactive pizza shop website.

Zero Hunger (Group): HTML, CSS and JavaScript (Feb 2025 – March 2025)
A collaborative website project to promote awareness of the SDG.

Traffic Data Analysis (Individual): Python (Nov 2024 – Dec 2024)
Python project that performs data validation, processing, and analysis surveys.

Industry Experience

Incarnate (Pvt) Ltd: **Software Engineering Intern** (May 2026 – Present)

- Contributing to the development and maintenance of real-world client platforms and ongoing software products.

- Working on frontend, backend, infrastructure, and deployment-related tasks while collaborating with the development team.

Miwayz Lanka (PVT) LTD:
External Pilot Tester - Ride-Hailing Application (April 2026 – July 2026)

- Conducted functional and user acceptance testing for a ride-hailing mobile application developed by Miwayz Lanka (PVT) LTD.
- Identified, documented, and reported bugs and usability issues, collaborating with the development team to improve application quality and user experience.

Volunteering Experience

IEEE Women in Engineering Affinity Group of IIT:
Fusion by WSO2 (Organizing Committee) (Nov 2025 – Dec 2025)
Organized a one day workshop introducing students to the Site Reliability Engineering (SRE) role, including sessions by WSO2 representatives on internships and career insights, and an IIT intern sharing their experience.

AdaptIQ (Logistic and Industry Outreach Volunteer Member) (Aug 2025 – Oct 2025)
Coordinated logistics and reached out to industry partners and supporting event operations to ensure seamless engagement and participation.

SyncUp (Industry Outreach Volunteer Member) (June 2025 – Aug 2025)
Engaged with industry partners, facilitated sponsorship agreements, and coordinated all communications to contribute to the event's success.

IEEE Computer Society of IIT:
commit.dev (Industry Outreach Volunteer Member) (Aug 2025 – Sep 2025)
Collaborated with corporate partners, managed sponsorship outreach, and streamlined communication efforts to ensure a smooth and successful event.

IEEE Student Branch - Informatics Institute of Technology:
JamborIEEE Zone D (Volunteering member of IIT) (July 2025 – Nov 2025)
Assisted in coordinating event operations and designing for JamborIEEE 2025, collaborating with six IEEE Student Branches.

Certifications

ADVANCED TIER, CodeRally 6.0 Hackathon:
Participated as a member of Team Hacktics-CR138 in CodeRally 6.0 organized by the IEEE Computer Society Student Branch Chapter of IIT. Earned advancement to the ADVANCED TIER during selection week by showing good technical skills, teamwork, and problem-solving.

UoW - Problem-Solving International Hackathon 2025:
Participated as part of Team Code Busters with five members and successfully progressed through the first round.

SHErlock 2.0:
Participated as a member of Team Hopkins in SHErlock 2.0 organized by the IEEE Women in Engineering Affinity Group of IIT.

Extra Curicular Activities

- Industry Outreach Lead of the IEEE Women in Engineering Affinity Group of IIT (Term 2026)
- Member of IEEE Student Branch of IIT (2024 - Present)
- Member of IEEE Computational Intelligence Society of IIT (2024 - Present)

- Member of IEEE Computer Society SBC of IIT (2024 - Present)
- Volunteer Member of IIT Sports Council (2025/26)
